Projects of Season 2

1. Feedbacks from season 1? What to keep/change?
2. Which projects will continue?
3. What are the new project ideas?
4. Per group/project:
   - define new goals for the season
   - split them among volunteers
   - Try to build/share skills within your teams

Meetings

Kick Off

Demo Day?

Demo Day?

| 4 weeks | 4 weeks | 4 weeks | +4 weeks? |

Jan. 14th

Feb. 11th

Mars. 11th

April 8th

May 6th

Group & DfG meetings

- **How often should we meet all together?** Groups decide by themselves
- **Where to meet?** Computas is a possibility, but would we have another one without the access restrictions?

Our organization

- Ok with low amount of communication this season?
  Should write at least on Social Media!

- More teaching, workshop sessions?
  - HackTechGO! #2 or similar?
  - GirlsCanDoIT + WomenInTech + R-Ladies?
  - Join forces with Sci-Code to learn and teach how to tackle other inequalities in Norway/worldwide.
  - Internal tech. subject that would help our teams
